Why Alcoa Wheels?

ALCOA
Stockist

Lighter • Stronger • More Economical

Alcoa wheels have a positive impact on many aspects of your vehicle

THE MOST BEAUTIFUL WHEELS

Alcoa aluminium wheels greatly improve the look of your vehicles.

LIGHTER

- up to 47 % saving per wheel
- up to 394 kg weight saving per truck/trailer
- increased payload
- driver comfort

MORE PROFITABLE

- extra payload
- reduced fuel consumption
- less tyre wear
- increased life time of brakes
- increased life time of suspension
- no need for repainting
- no need for wheel covers
- longer service life

STRONGER

- 5 times stronger than steel
- less downtime
- corrosion resistant

ENVIRONMENTALLY FRIENDLY

- aluminium is 100% recyclable
- reduced CO₂ emissions thanks to lower weight and fuel economy

Your partner since 1948 – Great decision – Big impact
